Billed Monthly/ this plan is customizable

Navel Oranges
November

Larger than other oranges, Navels reach their flavor peak in November ... just in time for the holidays! A premier eating orange.

Holiday Golds
December

Thought to be a naturally occurring hybrid of a Temple Orange and Dancy Tangerine, there's no confusion about the Holiday Golds™ unique taste, which is amazing!

Honey Tangerines
January

We guarantee these extraordinary Tangerines are unlike any you've ever tasted or peeled. Our thin-skinned beauties magically "unzip" to reveal a heavenly sweetness.

Temple Oranges
February

Succulent, with a sweet and tangy flavor ... no wonder Temples are called the "Queen of the Crop"! This Florida classic variety features zipper skin that's easy-to-peel. They're the first sure sign that spring is on its way.

Honeybells
March

Honeybells are a delicious, juicy cross between a tangerine and a grapefruit. Deep orange, almost red in color, they've got an easy-to-peel skin and unique bell shape. A sweet honeyed flavor treat in winter!

Cara Cara Navels
April

Beautiful, deep red flesh and luscious spicy-sweet flavor make these Cara Cara Navels truly exceptional.

Grove Oranges
May & June

We'll select and send our sweetest, juiciest Oranges - the best available!

Ruby Red Grapefruit
November through June

No other grapefruit even begin to compare to Hale's Ruby Reds. They're so naturally sweet, they don't need sugar! Enjoy them throughout the season for breakfast or as a refreshing snack any time.
